

Special Edition Using SAP R/3

	An Introduction to SAP	15
1	The SAP Corporation	17
2	User Interaction with the SAP Systems	23
	Technical Background	33
3	System Architecture and Distributed Applications	35
4	Architecture	65
5	The R/3 Reference Model	81
6	Tool-Supported Optimization with the R/3 Analyzer	115
7	R/3 Customizing	143
	Complex System Management	149
8	Continuous Business Development	151
9	Worldwide Business Computing Systems	163
10	The Open Information Warehouse and Enterprise Data Models	173
11	A Computing Center Management System	183
	Steering the Corporation	193
12	Understanding the FI-Financial Management Module	195
13	Understanding the CO-Controlling Module	273
14	Understanding the Enterprise Controlling Module	323
15	Understanding the TR-Treasury Management Module	337
16	Understanding the PS-Project System Module	343
	Manufacturing Applications	355
17	Understanding the PP-Production Planning and Control Module	357
18	Understanding the PP-PI Production Planning for Process Industries Modules	393
19	Understanding the PM-Plant Maintenance Module	413
	Applications in Support	437
20	Understanding the SD-Sales and Distribution Module	439
21	Understanding the Possibilities of Electronic Commerce with R/3	471
22	Understanding the HR-Human Resources Module	481

23	Understanding the MM-Materials Management Module	529
	Specialized Configurations	595
24	Understanding the Vertical Market Initiative	597
	Maintaining and Enhancing the Implementation	611
25	Understanding SAP R/3 Accelerated Implementation Methods	613
26	R/3 Online Documentation	619
27	Understanding the OSS-Online Service System	625
28	ABAP/4 Program Development with the R/3 Workbench	639
29	The Business Engineer	659
30	R/3 Business Workflow Management	667
	Implementation Issues	683
31	Overview of SAP Implementations	685
32	Implementing SAP by Business Processes	737
33	SAP Control and Security	755
34	Managing Communications Internal and External	797
35	Training for SAP	817
36	The Human Issues of SAP Implementation	831
	SAP Employment Market	855
37	Overview of the SAP Employment Market	857
38	Globalization of the SAP Employment Market	863
39	SAP Workplaces	867
40	Employment Opportunities Working with SAP	887
41	How to Find Employment Working with SAP	905
42	The Outlook for the SAP Employment Market	925
43	Managing the Change in Organization and Job Functions	951
	Appendixes	967
A	SAP Offices Around the World	969
B	SAP Business Partners	977
C	Sample SAP-Related Job Descriptions	1021
D	Example Request for Quotation of SAP Services	1053

E	SAP Glossary of Terms and Concepts	1079
F	Companies Providing SAP Services	1103
G	Migrating from SAP R/2 to SAP R/3	1111
H	Complementary Solutions	1119
	I Bibliography	1131
